

Curriculum Vitae of Katia Varello

Personal information

First name(s) / Surname(s) **Katia Varello**
Address(es) **STRADA DELLA COSTA 2, 10087, VALPERGA (TO), ITALY**
Telephone(s) +390112686254 **Mobile:** +393393273708
E-mail katia.varello@izsto.it
Nationality Italian
Date of birth MAY, 27, 1976
Gender Female

Work experience

Dates	Since 1/08/2007 to present date
Occupation or position held	Researcher at the Department of Histopathology and Rapid Tests.
Main activities and responsibilities	<p>Histopathological diagnosis applied to animal pathology. Research on immunohistochemical techniques applied to diagnosis of neoplastic and infectious diseases</p> <p>Involved in national TSE /BSE surveillance and in audit activities to supervise the TSE rapid test national laboratories activity.</p> <p>Experience in histology applied to food safety</p> <p>Involved in national and regional plans to eradicate bovine Tuberculosis.</p> <p>Involved in projects for the health surveillance on cetaceans found stranded along the Ligurian Sea coast of Italy.</p> <p>I investigate the prevalence of microscopic atypical mycobacteriosis lesions in marine and freshwater fish in northern Italy</p> <p>Involved in national surveillance plan for molluscs parasites according to Council Directive 2006/88/EC.</p>
Name and address of employer	Istituto Zooprofilattico del Piemonte, Liguria e Valle d'Aosta - Via Bologna 148 Torino
Type of business or sector	Public health
Dates	From 01/06/2007 to 31/07/07
Occupation or position held	Post degree scholarships
Main activities and responsibilities	Research activity in Histopathology Laboratory on hepatic tumours of cattle induced by aflatoxins, especially on immunohistochemistry
Name and address of employer	Istituto Zooprofilattico del Piemonte, Liguria e Valle d'Aosta - Via Bologna 148 Torino
Dates	From 01/08/2005 to 31/05/07
Occupation or position held	Post degree scholarships
Main activities and responsibilities	Research activity in Histopathology Laboratory on animal oncology, particularly feline mammary carcinoma as model for human tumor with characterization of c-erbB2 e p53 oncogenes as markers of tumoral progression.
Name and address of employer	Istituto Zooprofilattico del Piemonte, Liguria e Valle d'Aosta - Via Bologna 148 Torino
Dates	From 01/06/2004 to 30/06/05
Occupation or position held	Post degree scholarships

Main activities and responsibilities | Research activity in Histopathology Laboratory on tuberculosis in the frame of eradication programmes. I worked on evaluation, validation of histological, histochemical, and immunohistochemical techniques for the diagnosis of bovine tuberculosis.

Name and address of employer | Istituto Zooprofilattico del Piemonte, Liguria e Valle d'Aosta - Via Bologna 148 Torino

Education and training

Dates | Since January 2012 to present date

Title of qualification awarded | Registered on Ph.D programme in Veterinary Sciences.

Principal subjects/occupational skills covered | Project about the zoonotic potential of marine fish protozoa and microsporidia.

Name and type of organisation providing education and training | Department of Public Veterinary Health and Animal Pathology, Bologna University

Dates | March 2008

Title of qualification awarded | Descriptive veterinary pathology course, Armed Forced Institute of Pathology (1 week)

Name and type of organisation providing education and training | Faculty of Veterinary Medicine, Dublin University

Dates | From 8/01/07 to 19/01/07

Title of qualification awarded | Training stage on animal pathology and histopatology

Name and type of organisation providing education and training | Faculty of Veterinary Medicine, Zurich University (Prof. A. Pospischil).

Dates | From 2004 to 2007

Title of qualification awarded | Specialization degree in "Animal health, breeding and zootechnical productions" thesis entitled: "Comparison of histochemical and immunohistochemical techniques for the identification of *M. bovis* in tubercular lesions"

Principal subjects/occupational skills covered | Studies about bovine tuberculosis whit production of a thesis entitled: "Comparison of histochemical and immunohistochemical techniques for the identification of *M. bovis* in tubercular lesions"

Name and type of organisation providing education and training | Faculty of Veterinary Medicine, Turin University

Dates | From 1995 to 2002

Title of qualification awarded | Degree in Veterinary Medicine

Principal subjects/occupational skills covered | Studies about apoptosis whit thesis production entitled " Flow cytometric evaluation of the triphenyltin acetate (TPTA)-induced apoptosis in primary cultures of mouse thymocytes"

Name and type of organisation providing education and training | Faculty of Veterinary Medicine, Turin University

Personal skills and competences

Mother tongue(s) | ITALIAN

Other language(s)

Self-assessment

European level (*)

ENGLISH

FRENCH

Understanding		Speaking		Writing	
Listening	Reading	Spoken interaction	Spoken production

Social skills and competences

Good attitude for living and working with other people.
Availability for removals in Italy and abroad.

Computer skills and competences

Operating System: Windows 98 / 2000 / XP/Vista

Microsoft Applications: Internet Explorer, Word, Excel, Adobe Photoshop and Power Point.

Other skills and competences

Interest in: Reading, travelling and trekking

Driving licence

B (Italian)

Additional information

Publications

Author of 75 abstract presented in national and international congresses.

Author of 21 national and international publications.

International Publications:

1. **Varello K.**, Pezzolato M., Mascarino D., Ingravalle F., Caramelli M., Bozzetta E. (2008). Comparison of histologic techniques for the diagnosis of bovine tuberculosis in the framework of eradication programs. *J Vet Diagn Invest*, 20(2):164-9.
